FOREWORD

In undertaking the publication of the 1922 California Auto Registrations we are fully aware of the tremendous difficulty of the task and of the many obstacles to be overcome in carrying it out. Nevertheless, we are attempting to complete the publication several months earlier than has been done heretofore, and to make such improvements in its compilation as to render it more serviceable to its many users.

It has been possible for us to accomplish this aim only through the active co-operation of the Motor Vehicle Department at Sacramento, who have helped in every way possible to make the publication a success. To Mr. Chas. J. Chenu, chief of the Division of Motor Vehicles, we are especially indebted for his personal interest and untiring efforts in keeping his office behind us at all times.

Reserve Your 1923 California Automobile Registration—NOW!

NEXT YEAR we are going to try mighty hard to beat our 1922 record—as good as it is—in the production of the California Automobile Registration.

How would you like to have your 1923 registration by the first of March 1923?

We believe we can get it out by that time if we have a sufficient number of reservations in our hands before we start production work to indicate the number of sets needed for 1923. Every reservation that comes in NOW will help place the 1923 California Automobile Registration in the hands of subscribers at an early 1923 date.

Detach the coupon and fill it in,—then mail NOW. It will be for the general good of all subscribers, you among them, to get this work out early next year.

Do it NOW. You may forget it tomorrow. Remember the coupon is a reservation only. You can cancel it later if you wish. Mail the Reservation Blank TODAY.

Schwabacher-Frey Stationery Co.,

The HOOVEN Automatic Typewriter

ONE individually typed letter is worth a score of fac-similes.

Hooven letters are NOT process letters, they are real individually typed, personal letters, automatically and electrically produced by the Hooven Automatic Typewriter.

With the Hooven you can insert interpolations of varying lengths at any point in the body of your letter; these interpolations, together with the name, address and salutation of each letter, are written by hand on the same machine and with the same ribbon that is used for the body of the letter.

Hooven Letters cost less than hand-typed letters. Hooven Letters pull better than process letters, obviously. Hooven Letters ARE personal letters. Hooven letters are proved letters. Hooven letters PAY.

Direct mail houses and mailing list houses should install the Hooven Automatic Typewriter. Write us for proof after proof of the economy, efficiency and effectiveness of the Hooven in actual use day in and day out.

Business firms who send out but a few thousand letters a year can get Hooven letter service from us. We operate the largest Hooven service West of Chicago.

The California Registration of automobiles will be worth more to you if your letters to these names are Hooven letters. Write at once for prices. If you are in the San Francisco district, phone Sutter 2600 and ask for Mr. Bowman, Manager of the Hooven Division. His experience in Direct Mail and Hooven Letters is to your advantage.

From this chart, it may readily be seen that since this work will be in numerical arrangement, all of the automobiles registered at each office will appear on consecutive pages of the directory; all of the commercials on consecutive pages; etc.

Of the total registrations for each territory, approximately 95% will be handled by the Motor Vehicle Branch Office in that territory. By the use of the County Key Number the remaining 5% may readily be found.

Registration by mail handled at Sacramento only.

Therefore, although arranged numerically for the whole State, this work can excellently serve those whose chief need is for "local use."

As, for instance, in the San Francisco Territory:

There are	70,000 automobiles,	Numbered from	543,001	to	613,000;
" "	7,000 commercials,	" "	50,001	to	57,000;
" "	300 trailers,	" "	19,401	to	19,700;
" "	3,000 motorcycles,	" "	15,001	to	18,000;

Each one of these groups would, of course, appear respectively on consecutive pages; and these figures would represent easily 95% of the registrations in and around San Francisco. By making use of the County Key Number, the remaining 5% may be readily found.

This is just an example of what can be done with the six Territories.
